## Who is Donuts, Inc?

Donuts manages the world's largest and most relevant portfolio of new top-level domains, offering individuals and organizations new ways to promote and enhance their true digital identities.

Our TLDs provide a wide variety of clear and meaningful domain names for use as business identifiers (such as .ltd, .company), navigation (such as .careers, .support, or .social), in large vertical markets (such as .photography, .cafe, or .games) or in versatile generics (such as .life, .world or .live).

## Problem

The client needed new landing pages for parked domains as well as a new domain search tool that shows relevant domains. Also integrated e-commerce solution for purchasing and registering domains.

## Solution

CodeBru set about doing PSD to theme development on Wordpress with Elementor install for easy post editing of the design after it was completed.

Also integrated e-commerce and search based solution based on relevant domain names available for purchase.
